Going Deeper This Week: Spend some extended time with Father God, Jesus and Holy Spirit reviewing what you learned this week in Ephesians 6:10-24. Ask Him to speak to you and record in your journal what you sense Him showing, saying, and highlighting to your heart. Dialogue with Him through these questions as well:

- Consider each piece of the armor this week and how incredibly blessed and protected you are! How will you view spiritual warfare now from a perspective of your identity in Christ? Where are you in the chariot?
- Review Ephesians looking for all the love gifts (1:3) and riches of heaven that have been freely given to you.
- Take a few minutes each day this week to close your eyes, sit back and fellowship with Him in your heart. Thank Father God for how He sees you because of Jesus. Thank Him for the truth of how you need to see yourself and make any adjustments to renew your mind to His truth. Let Him speak into your heart the words of love and encouragement you need to hear each day. Allow Him to shower you in His delight!
